Alex Johnson

789 Oak Street, Networkville

Phone: 555-246-1357

Email: alex.johnson@netdevops.com

Education

Bachelor of Science in Computer Networking

Tech Institute

Certifications

Cisco Certified Network Professional (CCNP)

Cisco 2019

Certified Kubernetes Administrator (CKA)

Cloud Native Computing Foundation 2021

Languages

- **English:** Native

Professional Summary

A highly skilled and experienced NetDevOps Engineer with a passion for automating network infrastructure and improving network reliability.

Key Skills

Technical

- Python
- Ansible
- Networking
- Cisco IOS
- Linux
- Kubernetes
- Docker
- Git
- CI/CD

Soft Skills

- Communication
- Teamwork
- Problem-solving
- Automation
- Collaboration

Projects

Network Automation Platform

Developed a centralized platform for automating network configurations across multiple data centers

Technologies: *Python, Ansible, REST APIs, Git*

- Reduced configuration deployment time by 75%
- Implemented version control for all network changes
- Created self-service portal for common network requests

Kubernetes Network Monitor

Built a custom monitoring solution for Kubernetes network policies and traffic flows

Technologies: *Go, Kubernetes, Prometheus, Grafana*

- Improved network security visibility by 90%
- Reduced mean time to resolution for network issues by 60%

Teaching Experience

Network Automation Corp

2017 - Present

- Automated network configuration and deployment using Ansible and Python.
- Implemented CI/CD pipelines for network infrastructure changes.
- Monitored network performance and troubleshoot issues using tools like Prometheus and Grafana.
- Collaborated with development teams to integrate network services into applications.
